Humboldt Transit Authority
Governing Board of Directors
AGENDA
Regular Meeting June 17, 2015
HTA Conference Room - 133 V Street Eureka
9:00 a.m.

I. Call meeting to Order

II. Roll Call & Introductions

III. Citizen’s Communications
   Members of the community are invited to comment on
   items or issues not on the agenda.

IV. Closed Session
   a. Public Comment
   b. The Board will go into Closed Session pursuant to
      Government Code Section 54957.6. Agency designated
      representative: Jack Hughes; Employee organization: Local
      1684, American Federation of State, County and Municipal
      Employees.
   c. Pursuant to Government Code Section 54957.1, at the
      conclusion of the closed sessions, a public report will be
      made by the Board Chair disclosing action taken as required.

V. Presentation
   Ben Winkler from Redwood Coast Energy Authority will give a
   presentation on alternative fuels.

VI. Action Items

   Adoption of the Fiscal Year 2015/16 Final Budget for Humboldt
   The preliminary budget was adopted on May 20, 2015. All
   requirements have been met in preparation for the adoption of the
   final budget for Humboldt Transit Authority.

   a. Humboldt Transit Authority Mission Statement
      HTA does not have a recorded mission statement. Staff is
      requesting the board consider the statements submitted by HTA
      employees.

   b. Information Technology Service and Repair for Humboldt
      Transit Authority
      A new contract is needed for I.T. support and staff is requesting
      the board extend the present contract.
VII. Consent Calendar

*By motion, recommend the approval of the following items considered to be routine and enacted in one motion. Items may be removed from the Consent Calendar upon request and will be heard separately.*

a. **Approval of Minutes**
   Minutes from the May 20, 2015 Regular Board Meeting.
   *Action Recommended: Approve minutes.*

b. **California Office of Emergency Services Grant**
   A board resolution is needed for the City of Eureka for them to request $11,360 in Cal EOS funds. The Funds were originally allocated to HTA through the Humboldt County Association of Governments.
   *Action Recommended: Approve Resolution 15-11.*

c. **Authorized Agent for the Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA)**
   Board approval is needed to authorize the General Manager to sign grant applications and contracts.
   *Action Recommended: Approve the General Manager as the authorizing agent to sign PTMISEA grant applications and contracts by adopting Resolution 15-12*

VIII. Items Removed from the Consent Calendar

IX. Discussion Agenda
   a. **April 2015 statistics for all systems operated by HTA**
      *Handout*
   b. **April 2015 financial statements for all systems operated by HTA**

X. Communications
   a. **Board**
   b. **Staff**

XI. Adjournment

*Humboldt Transit Authority (HTA) is committed to a policy of non-discrimination pursuant to the requirements of Title VI of the Civil Rights Act of 1964. Persons who require special accommodations, accessible seating, or documentation in alternative formats under the American with Disabilities Act or persons who require translation services (free of charge) should contact HTA at least two days prior to the meeting.*

*Humboldt Transit Authority (HTA) se compromete a una norma de no discriminación de acuerdo a los requisitos del Artículo VI del Acto Derechos Civiles de 1964. Las personas que requieren alojamiento especial de acuerdo con el American with Disabilities Act, o personas que requieren servicios de traducción (libre de cargo) deben comunicarse con HTA al menos dos días antes de la reunión.*
The Northwest California Alternative Fuels Readiness Project is developing a readiness plan for the counties of Del Norte, Siskiyou, Humboldt, Trinity, and Mendocino.

Focus on the Future
- Create a roadmap for wise and effective alternative fuel infrastructure deployment.
- Identify activities that encourage regional alternative fuel vehicle adoption.
- Coordinate regional efforts that support the successful introduction of alternative fuel vehicles.
- Highlight training and first responder needs for safe deployment and adoption.
- Facilitate robust market development for alternative fuels.

Promote Economic Development
To address multiple barriers to alternative transportation fuel adoption in the region, this project:
- Promotes the need for alternative fuel infrastructure;
- Encourages the use of locally processed fuels;
- Informs consumers about alternative fuels;
- Addresses permitting and regulatory hurdles with local and regional government agencies;
- Engages local and regional fleets about alternative fuel conversion opportunities.

Project Partners
This is a cooperative effort between the Redwood Coast Energy Authority, the Schatz Energy Research Center at Humboldt State University, the Mendocino Council of Governments, the North Coast Unified Air Quality Management District, and the Siskiyou County Economic Development Council. Funding is provided by the California Energy Commission under grant number ARV-13-012.
Change More Than Just the Car You Drive

Through accelerated commercialization of alternative and renewable fuels, this project not only ensures the region meets its share of the State's low carbon fuel standard, but also improves air quality, encourages energy sustainability, and improves regional resilience to natural disasters.

Align with State Goals

The State of California has set ambitious goals for adopting alternative fuels. Through the State Alternative Fuels Plan (AB 1007), current State policy is to:

- Transition away from petroleum consumption via AB 1076 and the Reducing California's Petroleum Dependence plan;
- Reduce greenhouse gas emissions through AB 32 and adoption of the low carbon fuel standard;
- Increase in-state biofuel production and use through the Bioenergy Action Plan for California;
- Improve air quality through state mandates set by the California Air Resources Board.

Clean, Sustainable, and Secure

Fuels that are cleaner than gasoline or diesel can be sourced within the United States, and in our region, to facilitate a more secure energy future. Fuels under consideration are electricity, natural gas and propane, hydrogen, and biofuels such as biodiesel and biogas.

Project Stakeholder Input Is Needed

Numerous stakeholders will have a voice in this project, including:

- Local governments
- Fuel producers and distributors
- Emergency responders
- Fleet operators
- Auto dealers
- Many others

Stakeholder Outreach Timeline

- Assess alternative fuel infrastructure and deployment options (including an assessment of planning, permitting and deployment challenges)
  April 2014 - August 2015
- Analyze and recommend incentives to increase alternative fuel adoption
  May 2014 - June 2015
- Develop strategic plan for alternative fuel market development
  August 2014 - June 2015
- Cooperatively develop training materials for infrastructure owners, operators, managers, and emergency response teams
  May 2015 - November 2015
- Create outreach materials and strategies to communicate alternative fuel benefits
  July 2015 - December 2015
- Develop and finalize a regional readiness plan
  July 2015 - October 2015

Certified Unified Program Agencies (CUPAs)  
Underground Storage Tank (UST) Operators  
Petroleum Fuel Marketers, Refiners, and Blenders  
Renewable Diesel Producers/Importers  
Other Interested Stakeholders

**Renewable Diesel Should Be Treated the Same as Conventional Diesel**

This is a joint statement by the Air Resources Board (CARB) and the State Water Resources Control Board intended to clarify questions that have been raised regarding the status of renewable diesel. As discussed below, renewable diesel should be treated the same as conventional CARB diesel for all purposes, including storage in underground storage tanks (USTs).

For purposes of this statement, conventional CARB diesel is petroleum-based diesel that meets specified aromatics, sulfur content, and lubricity standards, as well as ASTM International standard specification, ASTM D975-12a. Similarly, renewable diesel also meets ASTM D975-12a, but it is made from non-petroleum sources. Specifically, renewable diesel meets the definition of "hydrocarbon oil" and the physical and chemical properties specified in ASTM D975-12a. For comparison, Attachment 1 shows the ASTM D975-12a specifications and typical properties for conventional CARB diesel and samples of renewable diesels recently tested by various researchers. As shown, both the tested conventional CARB diesel and renewable diesel samples fall well within the ASTM D975-12a specifications.

Despite renewable diesel being comparable to conventional CARB diesel, there have been questions regarding the ability of marketers and others to store renewable diesel in USTs. Further, questions have been raised about the compatibility of renewable diesel with leak detection systems used in USTs currently storing conventional CARB diesel. We consider renewable diesel to be a “drop in” fuel that can be blended with conventional CARB diesel in any amount and used with existing infrastructure and diesel engines. Accordingly, renewable diesel that meets the requirements for conventional CARB diesel and ASTM D975-12a should be treated no differently than conventional CARB diesel that is legal for sale in California.

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: [http://www.arb.ca.gov](http://www.arb.ca.gov)*

California Environmental Protection Agency
Various Stakeholders

<sup>2</sup> Biodiesel Characterization and NOx Mitigation Study - Durbin et al., 2011

July 31, 2013
TO: Chairperson Winkler  
   All Governing Board Members  

FROM: Greg Pratt, General Manager  

DATE: June 17, 2015  

SUBJECT: Adopting the 2015/16 Final Budget for the Humboldt Transit Authority  

Included in this agenda packet is the Fiscal Year 2015/16 Final Budget for the Humboldt Transit Authority. This budget was reviewed by the HTA Finance & Operations Committee on May 11, 2015, and adopted by the Board as an approved preliminary budget during its regular May 20, 2015 meeting.

Staff also placed a notice in the Times-Standard newspaper offering the public an opportunity to comment on the preliminary budget. No comments or suggestions have been received from any members of the public nor were any changes made by the board or the finance committee.

Any members of the public may still make comments regarding this budget during a public hearing opportunity to be conducted during the regular June 17, 2015 board meeting. The board may also make changes to the budget if they so desire.

Action Recommended:  
1. Open a public hearing opportunity for members of the public to comment on the adopted preliminary budget for fiscal year 2015/16.  
2. After hearing comments, close the public hearing.  
3. Make changes if necessary & approve the final budget by adopting Resolution 15-10.

RESOLUTION 15-10
ADOPTING BUDGET OF HUMBOLDT TRANSIT AUTHORITY
FOR FISCAL YEAR 2015-2016

WHEREAS, all legal requirements for the adoption of the budget of the Humboldt Transit Authority for the fiscal year 2015-2016 have been complied with;

NOW, THEREFORE, BE IT RESOLVED that the following budget for the fiscal year beginning July 1, 2015 and ending June 30, 2016 be, and the same hereby is, approved and adopted.

APPROPRIATIONS OF EXPENDITURE WITHIN EACH BUDGET UNIT

Salaries and Employee Benefits
Payroll $1,851,717
Employee Benefits $1,855,645

Services and Supplies
General $52,100
Administration $116,500
Operations $335,085
Maintenance - General $85,500
Vehicles $1,020,103
Facilities $162,700

Total Operational Budget Requirements $ 5,479,350

THE MEANS OF FINANCING THE BUDGET REQUIREMENTS
TDA Joint Powers Assessments $2,407,152
Auxiliary Transportation Revenues $950,067
Transit Fares $1,427,188
Non-transportation Revenues $205,654
Operating Grants $479,289
Interest Income $10,000

Total Means of Financing $5,479,350

Capital Purchases for STAF & 5311 projects $2,333,000
BE IT FURTHER RESOLVED that the details of the budget are contained in the complete budget which is on file in the offices of the Humboldt Transit Authority at 133 'V' Street, Eureka, California. Said complete budget is included herein by reference as though fully set forth.

PASSED, APPROVED AND ADOPTED this seventeenth day of June 2015, on the following vote:

AYES:  
NOES:  
ABSENT:

TO: Michael Winkler, Chair
    All Governing Board Members

FROM: Greg Pratt, General Manager

DATE: June 17, 2015

SUBJECT: Humboldt Transit Authority Mission Statement

At the December 2014 regular board meeting, staff communicated to the board that Humboldt Transit Authority did not have a mission statement. Staff created a contest and asked all employees to submit a mission statement that best describes this agency and its relationship to the public. At last week’s staff meeting, staff voted on their top two choices. Staff is requesting that the board consider the top two choices below and develop a mission statement for the authority.

- Humboldt Transit Authority is dedicated to providing safe, efficient and affordable transportation connecting communities in Humboldt County and increasing accessibility to the public. Transportation services will be responsive to the communities growing needs while conserving our natural resources.

- Humboldt Transit Authority operates with the mission to provide safe, courteous and reliable transportation services to the people of Humboldt County and surrounding areas. Our goals in servicing the public include exhibiting excellence in safety and customer service, environmentally sound vehicles and technology, and joining together all facets of our community through means of consistent transportation.

Other submissions were as follows:
- To transport the citizens of Humboldt County in a safe, reliable, and courteous environment
- To provide safe and reliable transportation for our community
- We at Humboldt Transit Authority take you places.
- Humboldt Transit Authority is a member-driven public agency dedicated to providing safe and reliable transportation to the public.
- We at Humboldt Transit Authority deliver sustainable transportation that link people with the community conveniently and safety.

Action Recommended: Review, Discuss, and Direct Staff
TO: Chairperson Winkler  
   All Governing Board Members

FROM: Greg Pratt, General Manager

DATE: June 17, 2015

SUBJECT: Information Technology Service and Repair for Humboldt Transit Authority

In March 2014, staff sent out Request for Proposals for IT support due to the poor state of HTA’s overall system. Staff was having problems with corrupted files, slow access to those files, and many programs needed to run the operation were constantly failing. HTA computer usage has grown over the last five years from eight computers and one server, to twenty-five computers and five servers. Staff size has grown, and the maintenance department has become dependent on their computers for diagnostics on all of the HTA’s fleet with the addition of Eureka, Arcata, and Humboldt County Office of Education.

In addition to several maintenance programs that need support, there are several others that are important to the organization, such as: programs for the electronic fareboxes, dispatch, time clock, GPS tracking systems, QuickBooks, video surveillance, online HTA store, and HTA’s website. HTA buses are running from 5:00 a.m. to 11:00 p.m. so it is essential that staff has the ability to log into all servers and workstations to troubleshoot problems that arise when the office is closed.

Based off of the research that staff presented to the board in March 2014, Network Management Services (NMS) was awarded the contract. HTA has a high number of computers, users, and servers, and NMS has the personnel to respond in a timely manner and has done so over the past year. NMS’s contract is now up, and we are using them on a month to month basis. Staff feels that choosing anyone else at this time would cause a major setback by waiting for another support team to learn HTA’s entire system. NMS has done an excellent job with ongoing system maintenance, secure server back-ups, and prompt response to over 50 service calls (see enclosure) over the past six months.

Action Recommended: Authorize the General Manager to execute the contract with Network Management Services for a three year term.
NMS took over network security, disaster recovery and maintenance on 3/21/2014.

**System Status:**

**Firewall**

The consumer grade router was replaced with NMS Guard-IT, our fully managed Internet gateway security service which is required for PCI compliance.

Guard-IT subscriptions are current and the gateway antivirus and antimalware are fully functional.

**Email**

The Exchange email server now has a SSL certificate so it meets current email standards.

All email now flows through Email Defense which is a multiple layer security solution to help keep infected emails out of the system and reduce the amount of time staff must delete SPAM.

Additionally, in the event of an internet outage, email will be queued in the cloud until the mail system is back online so email will not be lost.

**Remote Access**

Remote access is now provided through a business class SSL VPN to allow staff secure remote access.

**Phone and communication system**

Staff can now record phone calls from customers for training and/or problem escalation.
Secure instant messages allow staff to instantly communicate with other staff when they are on the phone.

NMS provides remote support of the phone system under the current agreement.

**Managed Antivirus**

All workstations have current definitions\(^{(1)}\)
All servers have current definitions\(^{(1)}\)

**Managed Antimalware**

All workstations are current on their updates\(^{(1)}\)

**Managed patch management**

All systems receive approved patches on Wednesday night.

**Staff use of NMS Help Desk phone and email support**

Staff has access to the NMS help desk to answer their questions or perform just in time training. Service can be requested via email or by phone.

Staff has received help from NMS 56 times in 2015 as of 06/09/15.

Since NMS updated our ticket tracking system in January of this year, we do not have easy access to 2014 statistics; however, I will retrieve it on request.

**Backup and Disaster Recovery**

When NMS took over, the backup was stored at the former technician's house.

Backup and disaster recovery is now being provided by NMS Recover-IT, our fully managed backup and disaster recovery solution. All servers are currently backed up both onsite and offsite at a secure data center.

The backup is monitored daily and a verification test is performed monthly.
Notes on Antivirus and Antimalware:

1. Antivirus and antimalware software also needs to be regularly updated in order to recognize the latest threats.

There are two common methods that an antivirus software application uses to detect viruses. The first, and by far the most common method of virus detection is using a list of virus signature definitions. This works by examining the content of the computer's memory and the files stored on fixed or removable drives (hard drives, floppy drives, or USB flash drives), and comparing those files against a database of known virus "signatures". Virus signatures are just strings of code that are used to identify individual viruses; for each virus, the antivirus designer tries to choose a unique signature string that will not be found in a legitimate program.

#### SECURE-IT

- Weekly review of security updates that are needed to secure your computer systems
- Microsoft patch management performed weekly
- Security and application updates for over 90 applications performed weekly
- Anti-Virus subscriptions included and updated daily
- Anti-Spyware & Anti-Malware subscriptions included and updated daily (Endpoints require 2GB RAM min)

#### MANAGE-IT

- Network Fully Documented
- Trouble Ticketing System & Knowledgebase
- Monthly Executive Reports
- Network Summary, & Asset Reports
- Hardware acquisition assistance
- Software acquisition assistance
- Annual Technology Planning Session
- Quarterly Conference
- DNS management
- Vendor Liaison

#### MONITOR-IT

- Network, Server, & Desktop Monitoring by the NMS Network Operations Center (NOC)
- Anti-Virus & Anti-Malware monitoring
- Auditing of hardware changes
- Event & error log monitoring and remediation
- Drive space monitoring & automated cleanup & defragmentation
- Drive defragmentation
- Backup Monitoring, testing, and verification
- Exchange & SQL Database Monitoring
- Line of business & other critical application monitoring
- Monitoring of other services & performance monitors as requested

#### TRACK-IT

- Hardware Asset & Configuration Management
- Software License Management

#### GUARD-IT

- Hardware Firewall with Unified Threat Management
- Gateway Anti-Virus protection
- Gateway Anti-Spyware protection
- Content and Application Filtering
- Bandwidth Management and VPN Support
- Secure Socket Layer VPN Support
- Remote access via SSL and RDP
- Monitoring by the NMS Network Operations Center (NOC)
- Firmware updates and security services subscriptions are included and updated daily

#### EMAIL DEFENSE

- Over 20 Layers of Email Defense
- Spam filters
- Virus and worm filters
- Content and attachment filtering
- Report as SPAM button for Outlook
- Daily SPAM report
- Message Continuity - Message Continuity is a fully automated recovery service enabling web-based email access, management, and use during planned or unplanned outages.

### NMS Monthly Service Plans 2015

#### RECOVER-IT BACKUP & DISASTER RECOVERY OPTIONS

##### WORKSTATION
- Workstations are backed up to onsite storage
- Fast single file or directory restore
- Image based backup allows NMS to restore the entire computer quickly
- File or directory recovery performed at no additional cost
- Full system recovery included with service agreement

##### SERVER LITE
- Not for use on servers with Exchange or SQL
- Servers are backed up to onsite storage
- Fast single file or directory restore
- Image based backup allows NMS to restore the entire server quickly
- File or directory recovery performed at no additional cost
- Full system recovery included with service agreement

##### SERVER - CLOUD BACKUP
- Servers are backed up to onsite storage
- Fastest single file or directory restore
- Image based backup allows NMS to restore the entire server quickly
- File or directory recovery performed at no additional cost
- Full system recovery included with service agreement
- Backed up in the cloud at bi-coastal U.S. data centers that meet SSAE16 Standards
- Supports Active Directory, Exchange and SQL

##### SERVER - CLOUD BACKUP & DISASTER RECOVERY
- Servers are backed up to onsite storage
- Fastest single file or directory restore
- Image based backup allows NMS to restore the entire server quickly
- File or directory recovery performed at no additional cost
- Full system recovery included with service agreement
- Backed up in the cloud at bi-coastal U.S. data centers that meet SSAE16 Standards
- Supports Active Directory, Exchange and SQL
- Virtualization of the server in the cloud for disaster recovery

##### SERVER - DISASTER RECOVERY & BUSINESS CONTINUITY
- Servers are backed up to onsite storage
- Fastest single file or directory restore
- Image based backup allows NMS to restore the entire server quickly
- File or directory recovery performed at no additional cost
- Full system recovery included with service agreement
- Backed up in the cloud at bi-coastal U.S. data centers that meet SSAE16 Standards
- Supports Active Directory, Exchange and SQL
- Virtualization of the server in the cloud for disaster recovery
- Virtualization of the server onsite for testing and when internet is not available

**CHOSE YOUR NMS SERVICE PLAN**
- PremierCare
- TotalCare

**CHOSE YOUR TERM AND DISCOUNT**
- 1-year agreement
- 2-year agreement 5% Discount
- 3-year agreement 10% Discount

**Terms and Conditions**

NMS will install TotalCare agents on 25 workstations and 5 server(s). All devices connected to the LAN require that and TotalCare agent be installed. Additional devices added or removed from the network will increase or decrease your rates. TotalCare agents will be audited once per month to update your service agreement. Prepaid labor not used during the current period may not be accumulated.

If the customer does not pay all charges for services or parts provided by Network Management Services promptly when due or is more than 30 days past due on any invoice: (1) Network Management Services may (A) refuse to service the equipment or (B) furnish service on a C.O.D. basis at published rates, (2) The customer agrees to pay interest on all past due amounts at 1.5% of the outstanding balance per month commencing upon the date payment is due and (3) The customer agrees to pay Network Management Services’ costs and expenses of collection including the maximum attorney’s fees permitted by law, said not to exceed 25% of the amount due hereunder.

Client agrees to pay NMS a $75,000.00 employment services fee if client should employ in a paid or non-paid position a current or former NMS employee. Former is defined as employed by NMS in the six months prior to employment by client.

Other than the obligation set forth herein, Network Management Services disclaims all warranties, expressed or implied, including any implied warranties of merchantability, fitness for use, or fitness for a particular purpose. Network Management Services shall not be responsible for direct, incidental or consequential damages, including but not limited to damage arising out of the use or performance of the equipment or loss of use to the equipment.

Should Network Management Services be found negligent, the maximum amount of damages shall not exceed one-month of this service agreement.

Subject to the terms and conditions herein: No changes or amendments of the terms or conditions of this contract are authorized unless a Tim Foster of Network Management Services has agreed to them in writing. No terms or conditions, expressed or implied, are authorized unless they appear on this agreement signed by the customer and Network Management Services.

I agree to the Plan and Term stated above. This agreement may be terminated by either party with 30-days written notice. I understand that early termination of this agreement requires that all discounts that were received be reversed and paid within 30-days. I understand that this agreement will automatically renew for a 1-year term at a maximum rate increase of 3% unless written notice is given by either party at least 30-days prior to the renewal date.

MINUTES FOR THE HUMBOLDT TRANSIT AUTHORITY
REGULAR BOARD MEETING
May 20, 2015

ROLL CALL

PRESENT

Board Members
Michael Winkler, City of Arcata
Rex Bohn, County of Humboldt
Mark Lovelace, County of Humboldt
Julie Fulkerson, City of Trinidad
Tami Trent, City of Fortuna
Tim Marks, City of Rio Del

ABSENT

Natalie Arroyo, City of Eureka

Staff
Greg Pratt, General Manager
Karen Wilson, Manager of Operations
Alene Webb, Administration and Finance
Jim Wilson, Equipment and Facilities Manager
Brenda Fregoso, Secretary to the Board

Also in attendance was Nancy Diamond, Humboldt Transit Authority's Counsel and Richard Tollison, Eureka resident.

CITIZEN'S COMMUNICATIONS
None

CALL TO ORDER
Chairperson Winkler called the meeting to order at 9:00 a.m.

At 9:03 a.m. the board went into closed for two items.

a. Public Comment
   None

b. The board will go into closed session pursuant to Government Code Section 54957.6. Agency designated representative: Jack Hughes, Employee organization: Local 1684, American Federation of State, County and Municipal Employees.
c. Pursuant to Government Code Section 54956.8 the board will meet in closed session to discuss the price and terms of a real property transaction concerning HTA properties located in Eureka at 2237 Second Street and APN’s 002-081-005, 002-121-002, and 002-121-003.

d. Pursuant to Government Code Section 54957.1, at the conclusion of the closed sessions, a public report will be made by the Board Chair disclosing action taken as required.

The board resumed open session at 9:57 a.m. Chairperson Winkler announced that there was nothing to report.

ACTION ITEMS

a. Preliminary budget for Humboldt Transit Authority fiscal year 2015/16
   Staff has prepared a preliminary budget for operating the Redwood Transit System, Willow Creek Extension, Southern Humboldt Systems, New Service, and for contracting with the Cities of Eureka and Arcata for maintenance and transit services. The Finance and Operations Committee reviewed the budget during their meeting of May 11, 2015. General Manager Greg Pratt gave the board an update on the 2015/16 budget. Motion by Supervisor Lovelace, second by Councilmember Trent to approve the 2015/16 budget.
   Motion carries unanimously

b. Maintenance Utility Truck
   In February 2015, HTA sent out an invitation for bid to six California Truck dealers for a shop utility truck. During this meeting, the board will review those proposals. General Manager Greg Pratt gave the board information on the proposals that HTA sent out for the new HTA utility truck. Motion by Supervisor Bohn, second by Supervisor Lovelace to approve the proposal from Advanced Truck Body and Equipment for the purchase of a new HTA utility truck. Motion carries unanimously

c. New Transit Service
   In 2014, the Humboldt County Association of Government’s board voted and approved that bus service to Old Arcata Road and the Tish Non-Village were unmet needs that were reasonable to meet. Staff was informed by Humboldt County Public Works that there is enough Local Transportation Funds to begin only one new service.
General Manager Greg Pratt gave the board the information and the history with HCOAG in adding service for Tish Non-Village and Old Arcata Road. General Manager Greg Pratt announced that he was informed by Humboldt County Public Works that there is enough Local Transportation Funds to begin only one of the two new services. Motion by Supervisor Lovelace, second by Councilmember Trent to approve new service for Tish Non-Village and to inform Humboldt County Public Works the desire to move forward with Old Arcata Road service.

Motion carries unanimously

CONSENT CALENDAR

By motion, recommended the approval of the following items considered to be routine and enacted in one motion. Items may be removed from the Consent Calendar upon request and will be heard separately.

Motion by Councilmember Fulkerson, second by Supervisor Lovelace, to approve the Consent Calendar.

Motion carries unanimously

a. Public Transportation Modernization, Improvement and Service Enhancement Account (PTMISEA)
   Board authorization is needed to submit allocation requests to CalTRANS for PTMISEA funds. 
   Action Recommend: Adopt Resolution 15-08 Authorizing Application for Public Transportation Modernization, Improvement, and Service Enhancement Account Program Grant Funds, and the General Manager to execute all required documents.

b. Approval of Minutes
   Minutes from the April 15, 2015 Regular Board Meeting.
   Action Recommended: Approve minutes

c. Reject Claim
   Carol Ashley submitted a claim against Humboldt Transit Authority on March 24, 2015 for an incident on the Willow Creek Intercity Bus System.
   Action Recommended: Reject the claim for personal injury submitted by Carol Ashley by Operation of Law.

d. Reject Claim
   Michael Husemann submitted a claim against Humboldt Transit Authority on March 24, 2015 for an incident on the Willow Creek Intercity Bus System.
   Action Recommended: Reject the claim for personal injury submitted by Michael Husemann by Operation of Law.
e. Southern Humboldt Bus Service
   County Counsel and HTA Counsel have updated the current transportation contracts so that they are all in uniform.
   Approve the Agreement for Operation of Bus Transit System in the Southern Humboldt Area by and between County of Humboldt and Humboldt Transit Authority.
   ~Contract Enclosed

f. Willow Creek Bus Service
   County Counsel and HTA Counsel have updated the current transportation contracts so they are all uniform.
   Approve the Agreement for Operation of the Bus Transit System in the Willow Creek Area by and Between County of Humboldt and Humboldt Transit Authority.
   ~Contract Enclosed

DISCUSSION AGENDA

a. March 2015 statements for all systems operated by HTA
   March 2015 statistics for all systems operated by HTA
   General Manager Greg Pratt gave the Board statement and statistics information for March 2015.

COMMUNICATIONS
   Board:
   None

   Staff:
   General Manager Greg Pratt announced that this is HTA's 40 year anniversary and that a new RTS bus from Gillig will be wrapped with the American Flag and represent that it is HTA’s 40 year anniversary; the American Flag wrap be no cost to HTA.

Meeting adjourned at 10:55 a.m.
TO: Michael Winkler, Chair  
All Governing Board Members

FROM: Greg Pratt, General Manager

DATE: June 17, 2015

SUBJECT: California Office of Emergency Services Grant

The California Office of Emergency Services (CAL OES) funding opportunity is available through Proposition 1B, also known as the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. The Transit System, Safety, Security, and Disaster Response Account (TSSDRA), is a portion of Proposition 1B that funds the CTSGP-CTAF, administered by the CAL OES. Funds are allocated by the State Controller to eligible agencies (transportation planning commissions) and public transit operators pursuant to Sections 99313 and 99314 of the Public Utilities Code.

Since 2012, the Humboldt County Association of Governments (HCAOG) has been applying for CAL OES grants on behalf of the region, and then contracting with local transit operators to implement the ADA Compliant Bus Stop Improvement Project. For the latest grant cycle, the Cities of Arcata and Eureka have offered to apply for the funds directly.

In each grant cycle, the State Controller allocates funds to eligible transit operators. HTA's allocation is $11,360 per grant cycle. In order for these funds to be eligible to the City of Eureka for the current grant opportunity, CAL OES has requested a Board Resolution to allow the City of Eureka to use the $11,360 allocated to HTA. The Humboldt Transit Authority has been the recipient of approximately $250,000 of the $621,475 allocated to HCAOG over the previous five cycles.

Action Recommended: Approve the allocation of $11,360 of CAL OES funds to the city of Eureka by adopting Resolution 15-11
RESOLUTION 15-11

AUTHORIZATION ALLOCATION OF THE FY 2014-15 CALIFORNIA TRANSIT SECURITY GRANT PROGRAM (CTSGP) TO THE CITY OF EUREKA

WHEREAS, the California Governor's Office of Emergency Services (Cal OES) administers such funds deposited in the Transit System Safety, Security, and Disaster Response Account under the CTSGP; and

WHEREAS, the Cal OES has developed guidelines for the purpose of administering and distributing CTSGP funds to eligible project sponsors; and

WHEREAS, public transit agencies throughout Humboldt County have expressed the need to improve bus stops in the region to full Americans with Disabilities (ADA) standards in the interest of public safety and disaster preparedness; and

WHEREAS, the City of Eureka, as an operator of a public transportation system, is eligible to receive CTSGP funds; and

WHEREAS, Cal OES requires a resolution be prepared authorizing transfer of CTSGP Section 8879.58(3) funds allocated to the HTA to the City of Eureka.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The HTA approves the request by City of Eureka for $11,360 of Section 8879.58(a)(3) funds; and

2. The State Controller and Cal OES are hereby requested to pass-through $11,360 of HTA's share of CTSGP Section 8879.58(a)(3) funds directly to the City of Eureka; and

3. The General Manager is hereby authorized to sign agreements with the City of Eureka, Cal OES, the State Controller and other agencies as may be necessary for the transfer of $11,360 of HTA's share of CTSGP Section 8879.58(a)(3) funds directly to the City of Eureka.

PASSED AND ADOPTED by the HTA, in the County of Humboldt, State of California, this ___ day ______ 2015, by the following vote:

DATE:     June 17, 2015

SUBJECT:  Authorized Agent for the Public Transportation Modernization,
          Improvement, and Service Enhancement Account. (PTMISEA)

The California Department of Transportation requires a board resolution naming the
individual who is authorized to sign grant applications and contracts. The last bond sale
had the authorized agent listed as the Interim General Manager. D.O.T. requested an
updated signature form for the upcoming bond sale that is to take place at the end of June
2015.

Action Recommended: Approve the General Manager as the authorizing agent to sign
PTMISEA grant applications and contracts by adopting Resolution 15-12
Division of Mass Transportation
Public Transportation Modernization, Improvement, and
Service Enhancement Account (PTMISEA)
Authorized Agent Form

Authorized Agent

AS THE Chair
(Chief Executive Officer / Director / President / Secretary)

OF THE Humboldt Transit Governing Board of Directors
(Name of County/City Organization)

I hereby authorize the following individual(s) to execute for and on behalf of the named Regional Entity/Transit Operator, any actions necessary for the purpose of obtaining Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) funds provided by the California Department of Transportation, Division of Mass Transportation. This form is valid at the beginning of Fiscal Year 2010-2011 until the end of the PTMISEA Program. If there is a change in the authorized agent, the project sponsor must submit a new form. This form is required even when the authorized agent is the executive authority himself.

(Signature)

Approved this 17th day of June, 2015
RESOLUTION 15-12

AUTHORIZATION FOR THE EXECUTION OF THE CERTIFICATIONS AND ASSURANCES FOR THE PUBLIC TRANSPORTATION MODERNIZATION IMPROVEMENT AND SERVICE ENHANCEMENT ACCOUNT BOND PROGRAM

WHEREAS, the Humboldt Transit Authority is an eligible project sponsor and may receive state funding from the Public Transportation Modernization, Improvement and Service Enhancement Account (PTMISEA) now or sometime in the future for transit projects; and,

WHEREAS, the statutes related to state-funded transit projects require a local or regional implementing agency to abide by various regulations; and,

WHEREAS, Senate Bill 88 (2007) named the Department of Transportation (Department) as the administrative agency for the PTMISEA; and,

WHEREAS, the Department has developed guidelines for the purpose of administering and distributing PTMISEA funds to eligible project sponsors (local agencies); and,

WHEREAS, the Humboldt Transit Authority wishes to delegate authorization to execute these documents and any amendments thereto to the General Manager.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Humboldt Transit Authority that the fund recipient agrees to comply with all conditions and requirements set forth in the Certification and Assurances document and applicable statutes, regulations and guidelines for all PTMISEA funded transit projects.

NOW, THEREFORE, BE IT FURTHER RESOLVED that the General Manager be authorized to execute all required documents of the PTMISEA program and any Amendments thereto with the California Department of Transportation.
