WHY YOU SHOULD CHOOSE HTA

FREQUENCY

HTA buses are out in our community 309 days and 60,000 hours per year, covering more than 1.2 million miles and carrying 700,000 passengers. Transit spaces are difficult to miss in the consumer market, making them a highly effective advertising solution.

COVERAGE

Both widespread and targeted advertising options are available. Customers can choose a specific route or combination of routes to concentrate their messages in certain areas or advertise on intercity systems with countywide impact.

REACH

Bus billboards capture the attention of locals and tourists alike while spreading your message in areas traditional billboards and media cannot.
